Adidas Internship Placements Program 2025 In United Kingdom

Description

The Adidas Internship Placements Program 2025 offers talented and motivated students the opportunity to gain valuable hands-on experience in various functions across the business. Interns will work closely with industry experts in departments such as marketing, product design, operations, finance, sales, and sustainability. This program is designed to provide exposure to the global sportswear industry while fostering personal and professional growth.

Responsibilities

As an intern, you will:

- Support day-to-day activities and ongoing projects across various teams.
- Assist in market research and consumer insights collection to aid in strategy development.
- Contribute to brainstorming sessions and idea generation for marketing campaigns, product design, or operational improvements.
- Coordinate and assist in the execution of events or product launches.
- Analyze data and prepare reports to evaluate performance and trends.
- Collaborate with cross-functional teams to ensure project timelines and objectives are met.
- Provide administrative support as needed for senior team members.
- Gain exposure to Adidas' values and learn about the company's commitment to sustainability, inclusivity, and innovation.

Qualifications

- Currently enrolled in an undergraduate or postgraduate program at an accredited university, ideally in a business, marketing, engineering, finance, or design-related field.
- A strong academic record with a passion for sports, fashion, or the global retail industry.
- A keen interest in developing a career in the sportswear and fashion industry.

Experience

- Previous internship experience in a similar role or industry is preferred but not required.
- Demonstrated leadership abilities through extracurricular activities, group projects, or volunteering is a plus.

Skills

- Strong communication skills (written and verbal).
- Excellent organizational and time management abilities.
- Proficiency in Microsoft Office Suite (Excel, PowerPoint, Word) and basic data analysis tools.
