## Detroit Airport Internship Opportunities 2025 In US

### Description

The Detroit Airport Internship Program provides students with practical exposure to airport management, operations, finance, engineering, and other fields related to the aviation industry. This program aims to equip interns with industry knowledge, hands-on experience, and networking opportunities to support their career aspirations in aviation or transportation management.

### Responsibilities

- Assist in daily airport operations, ensuring smooth functionality and regulatory compliance.
- Support departments such as finance, human resources, marketing, engineering, customer service, and security.
- Participate in project management, including data collection, analysis, and reporting.
- Contribute to customer service initiatives, assisting travelers with information and guidance.
- Aid in maintaining safety and efficiency standards by working with operational teams.
- Prepare presentations and assist with special projects under the direction of airport management.
- Engage in cross-departmental collaborations to gain comprehensive insights into airport functions.

### Qualifications

- Currently enrolled in an undergraduate or graduate program in fields such as Aviation, Transportation Management, Engineering, Business Administration, Public Administration, or related disciplines.
- Completed at least sophomore year by the beginning of the internship.
- Strong academic record, with a minimum GPA requirement (varies by role).

### Experience

- Previous internship or part-time experience in a customer service, operations, or administrative role is beneficial.
- Experience with data analysis, project management, or administrative support is a plus.

### Skills

- Strong communication and interpersonal skills, with a customer-focused attitude.
- Proficiency in Microsoft Office Suite (Excel, PowerPoint, Word) and experience with data analysis tools.
- Ability to multitask, prioritize work effectively, and adapt to a fast-paced environment.
- Problem-solving skills with an eye for detail.
