## Florida Rail Summer Internship Graduate Hiring Employments 2025

### Description

The Florida Rail Summer Internship is designed for recent graduates or current students who are eager to gain hands-on experience in the rail transportation industry. This internship program offers the opportunity to work alongside professionals, contributing to the growth and development of the Florida rail system. Interns will engage in various aspects of rail operations, safety, maintenance, planning, and project management.

### Responsibilities

- Assist in the planning, development, and implementation of rail transportation projects.
- Conduct research and analysis related to rail operations, safety, and infrastructure.
- Support the maintenance and inspection teams by learning about rail systems and equipment.
- Participate in the design and optimization of rail routes and schedules.
- Collaborate with various departments including safety, engineering, and customer service.
- Prepare reports, presentations, and documentation related to ongoing projects.
- Attend meetings and provide assistance in project coordination.
- Ensure compliance with safety regulations and contribute to maintaining a safe work environment.

### Qualifications

- Must be currently enrolled in or recently graduated with a Bachelor's degree in Engineering, Transportation, Business, or a related field.
- Strong academic background with a focus on transportation systems, civil engineering, or logistics is preferred.
- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- Basic understanding of rail operations, infrastructure, or logistics is advantageous but not required.

### Experience

- No prior work experience is required, though internships, part-time roles, or academic projects related to transportation or engineering will be considered an asset.
- Candidates should have a demonstrated ability to learn quickly and contribute to team efforts.
- Exposure to project-based environments or technical roles is a plus.

### Skills

- Strong analytical and problem-solving skills.
