## Forestry Commission Summer Internship Placements 2025

### Description

The Forestry Commission is offering exciting Summer Internship Placements for 2025, providing hands-on experience for individuals passionate about forestry, conservation, and environmental sustainability. These internships are designed to give you practical knowledge, skills, and exposure in forestry management, land conservation, and biodiversity protection. As an intern, you will gain valuable insight into the work of the Forestry Commission, contributing to key projects while learning from industry professionals.

### Responsibilities

- Assist with the planning and implementation of forestry management activities including tree planting, maintenance, and harvesting.
- Support the monitoring and assessment of biodiversity and wildlife conservation efforts in forestry sites.
- Conduct field surveys, data collection, and contribute to reporting on land use and conservation projects.
- Help with the management and maintenance of Forestry Commission sites, including ensuring health and safety standards are adhered to.
- Participate in community outreach and educational programs, promoting sustainable forestry practices.
- Collaborate with various teams and stakeholders, including environmental scientists, land managers, and local communities.
- Assist with research projects related to forest health, climate change, and sustainable forest management.
- Participate in team meet

### Qualifications

- Current enrollment in a relevant degree program (e.g., Environmental Science, Forestry, Agriculture, Conservation, or a related field) with an interest in pursuing a career in forestry or environmental conservation.
- Minimum of two years of study completed by the start of the placement (summer 2025).
- Must be eligible to work in the UK for the duration of the internship.

### Experience

- Previous experience in outdoor or environmental work is desirable but not essential.
- A demonstrated interest or academic focus in forestry, land management, or sustainability is advantageous.
- Experience with basic fieldwork, data collection, or environmental research is beneficial but not required.

### Skills

### Hiring organization

Forestry Commission Internship

### Employment Type

Intern

### Duration of employment

6 Months

### Industry

Government Administration

### Job Location

Bristol, England, United Kingdom, BS4,, Bristol,, England,, United Kingdom

### Date posted

December 21, 2024

### Valid through

30.12.2026

- Strong communication and interpersonal skills to work effectively with team members and external stakeholders.
- A keen interest in forestry, land conservation, and environmental sustainability.
- Ability to work independently and as part of a team in outdoor settings.
- Basic knowledge of Microsoft Office tools (Word, Excel, Outlook) for reporting and data entry.
- Problem-solving skills and the ability to adapt to varying weather conditions and outdoor environments.
- A willingness to learn and a proactive approach to tasks.
- Basic knowledge of health and safety practices in outdoor or forestry settings is an advantage.

### **Job Benefits**

- A competitive salary for the duration of the internship placement.
- Hands-on experience and the opportunity to contribute to impactful forestry and conservation projects.
- Exposure to a variety of roles within the Forestry Commission and the wider environmental sector.
- Networking opportunities with industry professionals and key stakeholders.
- Development of practical skills that will be valuable in future environmental careers.
- Comprehensive training in forestry management, biodiversity monitoring, and land conservation.
- Potential for future employment or apprenticeship opportunities based on performance.

### **How To Apply**

Interested candidates should submit the following application materials.

1. A current CV detailing relevant academic qualifications and any work experience.
2. A cover letter outlining your interest in the role, your passion for forestry or conservation, and what you hope to gain from the internship.
3. Contact details for at least two academic or professional references.
