## Molina Healthcare Internship Students Hiring Opportunities 2025

### Description

Molina Healthcare is offering a unique opportunity for students to join our Internship Program in 2025. We are seeking passionate, dedicated students interested in gaining hands-on experience in healthcare administration, data analysis, policy, information technology, and more. Interns will work alongside professionals on projects that support Molina's mission of providing quality healthcare to underserved populations, gaining invaluable skills and insights into the managed healthcare industry.

### Responsibilities

As an intern at Molina Healthcare, your responsibilities will include:

- **Participating in Key Projects:** Work on meaningful projects across various departments, such as healthcare operations, data analytics, policy development, and IT solutions.
- **Supporting Process Improvement:** Assist teams in identifying opportunities for efficiency improvements and contributing to solutions that enhance operations.
- **Conducting Research and Analysis:** Gather and analyze data on healthcare services, market trends, and policies to support business decisions.
- **Engaging in Stakeholder Communication:** Collaborate with cross-functional teams, preparing reports, presentations, and summaries for project stakeholders.
- **Supporting Compliance and Quality Assurance:** Assist in monitoring compliance with regulatory guidelines and supporting quality assurance initiatives.
- **Learning and Development:** Take part in training sessions, mentorship opportunities, and networking events that build both industry knowledge and professional skills.

### Qualifications

- **Current Enrollment:** Must be a current student enrolled in an undergraduate or graduate program.
- **Relevant Field of Study:** Majoring in healthcare administration, public health, business administration, data science, information technology, or a related field.
- **GPA Requirement:** Minimum GPA of 3.0 is typically preferred.

### Experience

- **Relevant Coursework or Projects:** Completion of relevant coursework in healthcare management, data analytics, public health, IT, or policy analysis.
- **Prior Internship or Work Experience:** Previous experience in healthcare, business, or public policy is beneficial but not required.
